

## About the Melbourne Rudolf Steiner Seminar

---

The Melbourne Rudolf Steiner Seminar offers a range of courses and programs based upon the work of Rudolf Steiner.

It has been conducting courses for over 40 years for local and international students.

Toshi (International student from Japan) speaks about his experience at The Seminar:

*"I heard about this course when I was living in Japan. It was a big decision to make to come to Australia and do the course but it was worth doing.*

*This course changed the whole of my life. Now I have a job; I am working at a Steiner kindergarten. Be brave and get on this boat."*

## Why study Steiner Education?

*It is aliveness that must be the guiding principle. Joy and happiness in living, a love of all existence, a power and energy for work . . . The need for imagination, a sense of truth and a feeling of responsibility - these are the three forces which are the very nerve of education.*

*~ Rudolf Steiner*

## Discover the richness of a Steiner curriculum!

When children have fully engaged with a rich imaginative curriculum, they then have the foundations to become productive and creative in their adult lives.

Steiner education is the most rapidly expanding education in the world, with five Steiner streams integrated into Victorian State schools and 40 independent schools throughout Australia.

There is a great demand for Steiner trained teachers. Graduates find employment in early childhood settings, primary and secondary schools and with children with special needs.

## Full time study

The **Advanced Diploma of Rudolf Steiner Education** (course code 69801TAS) is a two year course. Upon completion of this course, students gain two years credit toward a university Bachelor of Education, which qualifies graduates to teach in Australian schools (government, independent and Steiner schools).

**VET Fee help available, Austudy approved.**

## Part time study

The part time Certificate in Anthroposophical Studies (non-accredited) is open to anyone interested in furthering their knowledge of Steiner education. It operates every Wednesday evening across four terms, for three years.

## Professional development.

Please contact us for information about our short courses.
